EMBASES DE FIXATION

- WALL TYPE STRAP SUPPORT
- BASI DI FISSAGGIO

* Conforme à la norme *In conformity with* *Conforme alle* : HN33 S62 (04.97)

Avec support cheville (pose au marteau après perçage dia. 8mm).

With plug type bracket (hammered into hole dia.8mm).

Con supporto a tassello (posa con martello dopo foratura dia. 8mm).

EDF : 68 28 786

EC 8 (Ref EDF: "ECF")

Avec support cheville et écartement mural.

With plug type bracket and spacer from wall.

Con supporto a tassello e distanziatura dal muro.

EDF : 68 28 787

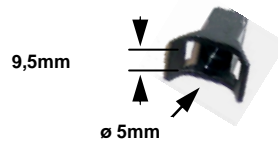

ECH 8 (Ref EDF: "CFEM")

Fixation par vis ou clou.

Attached by screw or nail.

Fissaggio con vite o chiodo.

EDF : 68 28 788

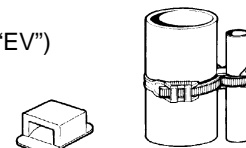

EV 7 (Ref EDF: "EV")

Embase de doublement. *Base di ripiegatura.*

Permet la fixation "dos à dos" de deux câbles, tuyaux ou poteaux ronds.

Allows the "back to back" attachment of two cables, tubes or round posts.

Permette il fissaggio "fianco a fianco" di due cavi, tubi o pali circolari.

ED (Ref EDF: "ED")

Pince permettant le serrage des colliers.

Plier to tighten and cut cable ties *Morsetto che permette il serraggio dei collari.*

RIL 9

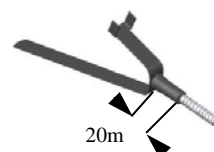

EDF : 07 32 230

Bracelet acier plastifié à visser

Plastified steel clamp with screw *Supporte di acciaio isolato con vite.*
